AMENDED PLAT OF THE DEPENDENT RESURVEY AND SURVEY

A history of surveys is contained in the field notes.

This plat represents the dependent resurvey of portions of the Tepeusquet Ranch and Sequoia Ranchos, the limiting boundaries of fractional sections, and a portion of the exterior boundaries and subdivisional lines, designed to restore the corners of remaining federal ownership in their true original locations according to the best available evidence, and the extension survey and survey of a portion of the subdivisional lines of T.9 N., R. 32 W., San Bernardino Meridian, California.

Except as indicated herein, the listings and areas are as shown on the plat approved August 5, 1901.

Amendments executed by Jack W. Robeson, Cadastral Surveyor, beginning June 1, 1988, and completed September 21, 1988, pursuant to Special Instructions dated May 27, 1988, for Group No. 1021, California.

Conversely, the Bureau of Land Management has exclusive jurisdiction over all matters pertaining to surveys and resurveys of federal lands as between owners of lands, the title of which is derived from the United States, final determination in the matter of fixing the position of disputed land boundaries rest with the federal courts of competent jurisdiction. During the course of the survey, substantial evidence was observed indicating that lines of private ownership are coincident with section and section subdivisional lines established by this survey. This survey is intended to establish lines of federal ownership only, and should not be relied upon to establish boundaries between private owners without additional independent investigation.
